Forecast for Saturday 06 May 2023

Weather: Dry but mostly cloudy at first, with possible patches of low cloud covering the hills. The cloud will tend to lift for a time but conditions will soon deteriorate from the south before lunchtime, with light rain moving northeast across the park. Turning murky with extensive low cloud, mist and drizzle during the afternoon.

Chance of cloud-free hill tops above 800m: 40% at first but becoming 10% or less during the afternoon.

Low Cloud and visibility: Mediocre to poor at first in low cloud, with cloud bases as low as 300-400m. Becoming very poor around lunchtime, with widespread low cloud and visibility becoming very poor.
